- 3.** God made another special person. This time He made a woman. She was named Eve.

- 4.** People were God's most special creation. After God made Adam and Eve, He didn't forget about them. He kept taking good care of them.

### LESSON FOCUS:

*People are God's special creation.*

In the Bible story, God made a very special creation in His image. What was God's special creation? In "Rainy Day Friends," Mia found out some things that only people can do. What were those things? With your child, name other things that only people can do. Thank God for making us—His special creation!
